Byron Bay

ResortBrokers offers exclusive management rights to holiday apartments in the supercharged Byron Bay market with long-term agreements, a true lifestyle business!

Gosamara Apartments is a boutique holiday complex, enviably located in the tourist mecca of Byron Bay, on the beach side of bustling Shirley Street with direct beach access.

With very easy-to-manage facilities, a small letting pool, and low-maintenance gardens, this complex can be easily managed by a solo operator or as an add-on business - a great extra income stream for a local operator.

Byron Bay is simply the most desirable location on the East Coast, with an incredible growth rate over the past five years driven by the desire...
